

Resolution Endorsing the Boycott of Israeli Academic Institutions

WHEREAS settler colonialism and structural racism work across the world, including in the United States, to disenfranchise, dispossess, and inflict violence upon specific groups of people for the benefit of others;

Plenary
 Executive Committee
 WHEREAS the unceasing military occupation and colonization of Palestine by the Israeli state is a manifestation of both settler colonialism and structural racism, supported politically, financially, and militarily by the U.S.;

Steering Committee
 Constitution and Bylaws
 WHEREAS the Israeli state systematically violates Palestinians' rights under international law, including the right to education;

Grants
 Health & Wellness
 Outreach
 Student Services
 WHEREAS the Israeli state specifically violates Palestinians' right to education by damaging Palestinian universities, colleges, and schools in military offensives; raiding students at those institutions and forcing the institutions to temporarily close for military or other reasons; restricting Palestinians' movement to such an extent that it impedes their ability to attend and teach classes; and preventing students from traveling abroad to study or present research;

USS Advisory Committee
 Advocate Advisory Board
 WHEREAS Israeli academic institutions, like U.S. academic institutions, are deeply embedded in state practices and receive extensive state funding;

OpenCUNY Board
 Governance Task Force
 EDLAB
 WHEREAS Israeli academic institutions are complicit in the occupation and colonization of Palestine and the state's violence against Palestinians by developing military hardware, weapons, drones, and surveillance technologies; offering military training courses and posts for high-ranking military officers; declaring, via their leaders and other surrogates, their support for Israeli military offensives; discriminating against Palestinian students; and repressing voices in support of Palestinians and their struggle for self-determination;

Student Tech Fee
 WHEREAS Palestinian civil society, including the Palestinian Federation of Unions of University Professors, the General Union of Palestinian Teachers, and the Palestinian General Federation of Trade Unions, has issued a global call for the academic and cultural boycott of the Israeli state, as part of the larger boycott, divestment, and sanctions movement, as long as the Israeli state violates Palestinian human and environmental rights anchored in international law;

WHEREAS dozens of academic bodies around the world, including the Association for Asian American Studies, the National Association of Chicana and Chicano Studies, the Native American and Indigenous Studies Association, the Critical Ethnic Studies Association, the African Literature Association, the American Studies Association, the graduate student

worker union of the University of California, and, most recently, the American Anthropological Association and the National Women's Studies Association, have endorsed or recommended the boycott of Israeli academic institutions, and more, including the Modern Language Association and the Middle Eastern Studies Association, are considering doing so, altogether making the issue of academic boycott a central one of the academic profession;

WHEREAS the Israeli state commands extraordinarily more power both on the ground and internationally than do the Palestinians, as shown, in just one example, by the effort of New York State legislators to suspend Students for Justice in Palestine at the City University of New York (CUNY);

WHEREAS the Doctoral Students' Council (DSC) has passed resolutions in support of justice and social change throughout its existence, from condemning the Vietnam War to, this academic year alone, supporting students repressed by the state at both CUNY and Jawaharlal Nehru University in India; and

WHEREAS the DSC understands that the boycott of Israeli academic institutions is expressly *not* the boycott of individual Israeli students or scholars, nor does it prohibit collaboration between DSC representatives and Israeli students and scholars, but that it *is* constitutionally protected free speech in support of the Palestinian call for solidarity to end the occupation and colonization of Palestine;

Be it RESOLVED that the DSC will endorse the Palestinian call to boycott Israeli academic institutions for as long as the Israeli state continues to violate Palestinian rights under international law; and

Be it further RESOLVED that the DSC supports the efforts of Students for Justice in Palestine at CUNY and all others engaged in the struggle to end the occupation and colonization of Palestine.
